Dear Honorable Magistrate Judge Green,

Case No: CIV-23-1011-J

Judge Greene I am writing this letter in Concerns of you not ruling on my Motion for extension of time to file my response to the defendants motion to dismiss.

Judge I needed that extension so I could have gotten those certified mailing receipts along with the affidavit from Attorney Aimee Majoue with the firm of Steptoe & Johnson so I could prove proof of Service.

The fact that I had to just write up an objection and mail it in at the last moment, because I didn't want to ~~miss~~ miss my deadline (I know how you are about deadlines), really has put me at a disadvantage.

I thought for sure you would have given me a extension.

So Please in the future your honor please rule on my extensions so I will have the proper time to respond to the Status Pleadings in this Case.

I don't have a pacer account so I don't know what's going on in real time. Its hard for this Plaintiff to Keep up!

Thank You &
